Barcelona, September 2, 2025.

To whom it may concern:

I am pleased to recommend **Sara Martínez**, who completed an internship in our **Engine** department at Larian Barcelona.

During her time with us, Sara stood out for both her **technical ability** and her **positive attitude**. She learned quickly, adapted well to her environment, and didn't hesitate to take on challenges that allowed her to grow quickly. She always showed initiative, contributed good ideas, and knew how to work collaboratively with the rest of the team.

Beyond her knowledge, what really made the difference was her **enthusiasm and commitment**, qualities that make her a professional with great future potential in the industry.

I recommend Sara without hesitation and am sure she will be a valuable asset wherever she decides to continue her career.

Sincerely,
